INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern City Directories (publishers of the Asheville City Directory since 1899), present to subscribers and the general public, this, the 1960 edition of the Asheville City Directory, which also includes Beverly Hills, Biltmore Forest (N. C.), Broadview Park, East Biltmore, Gentry Park, Lakeview Terrace, Linwood Park, Malvern Hills, Martel Mill Village, Morningside, Oakley, Oaklyn Park, Redwood Forest, Sayles Village, South Biltmore and Woodfin (N. C.).

Confidence in the growth of Asheville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Asheville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Asheville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Asheville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Asheville, Beverly Hills, Biltmore Forest (N. C.), Broadview Park, East Biltmore, Gentry Park, Lakeview Terrace, Linwood Park, Malvern Hills, Martel Mill Village, Morningside, Oakley, Oaklyn Park, Redwood Forest, Sayles Village, South Biltmore and Woodfin (N. C.), and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are place opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of the Directory are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a resort, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Asheville and vicinity.

The Asheville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Asheville City Directory, a Directory Library is maintained in the offices of the Asheville Chamber of Commerce, Inc., for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History

Asheville was founded in 1797 by John Burton, and was known for about three years of its early history as Morristown. The name was later changed to Asheville, in honor of Samuel and John Ashe, noted men of that period.

The city has long been a resort center, the first resort hotel having been constructed near the Sulphur Springs in the western part of the city, west of the French Broad River. Later the tourist traffic increased and other resort hotels were built including the old Battery Park Hotel on the site now occupied by the modern structure. Other hotels have been constructed with the growth of tourist trade, through expansion of transportation facilities, including railways and highways into the highlands. Industry and agriculture also have developed in the mountain section, to the point that Asheville has become a marketing and shopping center for 20 counties of western North Carolina.

Government

Buncombe County is governed by a board of three commissioners. Asheville has the council-manager form of government, which includes a mayor and six other councilmen and a city manager. The two governmental bodies are housed in the handsome City and County buildings which flank the central city plaza. The city has one of the lowest fire records of any city of its size in the country, due to an efficient fire department, and the police department has become highly effective with the aid of radio, cooperation with state and county law-enforcement officers and by means of the police cruiser system. Two police radio stations are located here, one atop the Buncombe County Building and the other, a State police radio station, on the Black Mountain highway.

Tourist Attractions

Scenic and other attractions of Asheville and western North Carolina are always of paramount interest to visitors. The historic Dogwood Trail, a scenic city tour, is open year round to the public. The famous Biltmore House and Gardens, located in the midst of the 15,000-acre Biltmore Estate in Asheville, have been open to the public view since 1930. The noted mansion, adjudged one of the finest private homes in the world, was constructed nearly half a century ago by the late George W. Vanderbilt. The House, built after the architectural pattern of the French chateaux, contains a vast collection of objects of artistic and historic value, gathered at great cost by Mr. Vanderbilt in all parts of the world. Notable among the priceless treasures on display are the chessmen of Napoleon,

the ceremonial robes of Cardinal Richelieu, ancient tapestries which graced the tent of Francis I at the Field of the Cloth of Gold, and a myriad of other rare and precious objects.

Surrounding the House, the vast expanse of gardens and landscaped park presents a great mass of flowers and superbly designed vistas to the beholder throughout the spring, summer and autumn seasons.

In Riverside Cemetery are located the tombs of the famous writer, O. Henry and Zebulon Vance, the Civil War Governor of North Carolina, and the now famous marker erected to the memory of 18 German sailors by members of the Kiffin Rockwell Post of the American Legion. This is the only monument ever erected by American Soldiers to the memory of their foreign foes.

Also in Asheville, in the city of his birth, is the tomb of the late Thomas Wolfe, internationally-known author of "Look Homeward, Angel," "Of Time and the River," "The Web and the Rock," and "You Can't Go Home Again." He spent most of his childhood at his mother's boarding house, the "Old Kentucky Home," at 48 Spruce St. This house is known to millions of American readers as "Dixieland," the boarding house operated by Eliza Gant in Wolfe's first novel, "Look Homeward, Angel." It is maintained by the City of Asheville and is operated by the City Parks and Recreation Department, and is open to the public during May through October. It contains the furnishings of the days when the author resided there.

Richmond Hill, home of the late Richmond Pearson (minister to Persia and Greece), is open to the public. It is filled with rare treasures collected from all over the world.

The famous Craggy Rhododendron Gardens, located on the crest of the Great Craggy Mountains near Asheville, are one of the noted scenic attractions of the region near the city. ★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising**—aims to inform the consumer and help him to buy more intelligently.
2. **Good Advertising**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **Good Advertising**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **Good Advertising**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight
